"A gorgeous restaurant within a welcoming country house with homely vibes, stylish décor and of course - out of this world food."

One Fab Day 2020.

"Michelin star quality. Great selection on the menu which was very unusual at a wedding but very welcome. Presentation of food was WOW...as was the taste. Can highly recommend Mustard Seed for a wedding. Very warm, welcoming, atmospheric with the most fantastic food and hosts."

- Colette & Mike

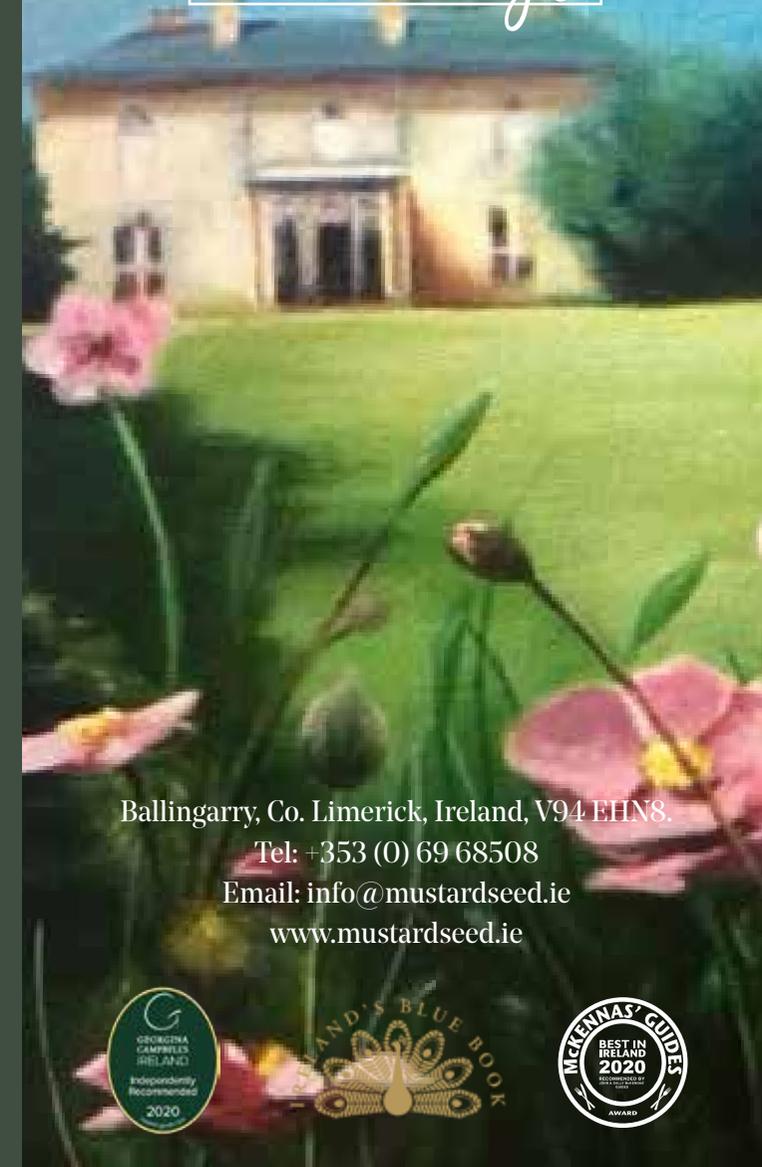

"We had the most perfect day thanks to you all. It's the most wonderful place, all of our guests loved it too. Thanks for the wonderful memories."

- Helen and Caoilte

Sitting pretty overlooking the surrounding hills and hollows there couldn't be a more perfect spot for romance than The Mustard Seed. A Victorian home, our house is full to the brim with a very special country house chic.

Exchange your vows, feast on delicious food and dance the night away – we have perfect spaces perfect for every part of your perfect day.

From an intimate dinner for two, celebrating as a couple, to delightful fine dining feast for our maximum capacity of 80, you can be sure that your wedding day is unique. Each celebration is individual and tailor made to suit your preferences and budget without the need for the traditional wedding packages. Careful consideration is given to every detail. Owing to the size of the property, it is possible to make the Mustard Seed exclusively yours from the moment you arrive – your home from home where you will be looked after with care and professionalism and in the uniquely relaxed style we're very proud of.*

The Mustard Seed is an approved venue for hosting civil marriage ceremonies which allows you to couple your ceremony with your celebrations without having to leave the house and we have had the pleasure of hosting a great mix of special occasion, each with a celebration of individuality.

Each season brings a unique atmosphere to the house. Summer sunshine and long evenings of daylight means guests can linger over seasonal cocktails on the terrace and on the lawn. In autumn and winter, the candles are lighting and hot ports are served by the glow of the fire. Either way the 12 acres of gardens and elegant interiors will provide the perfect backdrop to your photographs.

Fabulous food and feasting is at the very heart of our house. The restaurant is synonymous with award winning fine dining using the kitchen garden's bounty and a host of local produce. Consider your evening more a dinner party with your nearest and dearest in the exquisite surroundings of our restaurant. Allow us to decorate the tables with fresh flowers from the garden along with colorful Villeroy and Bosch place settings, the finest of delft, carefully pressed white table linen & antique silver cutlery.

After dinner, the entrance hall is transformed into an open space suitable for a 'knees up' with a small musical group or simply a pianist. Due to the natural acoustics of the room, amplification is not necessary but we are happy to advise you on what works best. What is certain is that a great party will end your day on a high note! Guests who would prefer to have a quiet chat can do so in the library.

When the party winds down and it's time for slumber overnight accommodation is available in our 18 guestrooms. All individually designed and decorated, the bridal suite, superior rooms and family suites are also available and pets are welcome by arrangement.

Maybe you wish to escape the pressure of organizing a large wedding.....

Maybe it's a little challenging to draw a guest list that will make everyone happy.....

Maybe you simply want your wedding to be about just the two of you.....

Maybe you want to surround yourselves with your immediate nearest and dearest....

We have been making memories with many couples for over 20 years and your wedding at The Mustard Seed will be one-of-a kind and tailored to create a day you'll never forget!
